Notes: This proposal does not include running electric supply cable to the well or water lines to point of use. We do not garranty the quality of water produced. It is likely that water treatment will be appreciated and/or needed. Potential water quality issues include, but are not limited to, hardness, sulfur, and iron. Please note, the customer is responsible for cleaning up the mud mess.

Warrantee: Submersible pumps, up to 5 hp, have a five year manufacturer warrantee. Other pumps have a one year warrantee. All bladder tanks have a five year warrantee and galvanized tanks have a one year warrantee. Workmanship is warranted for a period of one year. All warranties solely cover defects in manufacture or workmanship.

Terms of Payment: Actual project total will be based on completed/installed footages. Your invoice will reflect that variance. Payment, in full, is due immediately upon completion of the work. Past due balances will be subject to a monthly late fee of 1.5% of any outstanding balance.

All work is done under the direction of State of Texas licensed Water Well Drillers & Pump Installers.
