375 Crickett Lane - Rural Estate Home Cave Junction, OR / Josephine County

PROPERTY DESCRIPTION

Presenting 375 Crickett Lane, a true builder's home with immaculate attention to detail and pride of ownership, from the gated entry to the polished travertine tile to clear vertical grain woodwork, quality is apparent at every turn! The grounds are as particular as the home and the 5 acres are fenced and gated; the property features a pond and irrigation rights fed by a spring. The exquisite craftsman home sits atop a stately manicured hilltop that includes various shrubbery, flowering trees, and a sprawling lawn upon a stacked stone terrace. It overlooks the valley to the west and features absolutely breathtaking sunsets!

Located in the Illinois Valley just north of Cave Junction proper, Crickett Lane offers rural living in a gorgeous natural setting while also having easy access to Hwy 199 for trips to the Oregon Coast or for medical and professional services in Grants Pass and Medford. The property is the last on a dead end street past two gates, and backs up to BLM land that offers access to recreational land for hiking, hunting, and BLM even offers permits for harvesting firewood!

The landscaping around the home enchants the senses as you ascend the driveway, with a beautiful rock wall bordering the carefully planted flowers and fruit trees, and a concrete curb encloses the lawn. The landscaping is all irrigated from the pond below; this pond is fed by a spring on neighboring BLM land and the property enjoys water rights for up to 3.6 acres of irrigation. With ample parking space for cars, trucks, and even trailers, the driveway is large enough for plenty of vehicles or toys. The owner also has blueprints for a shop that could be built in the future.

Laid out with two bedrooms and one bath on each level, the home is well suited for multi-family or multi-generational living. There are private entrances on each level and the home features Rockwool sound-deadening insulation within all the walls including the floor & ceiling, so it truly provides privacy between the levels.

Entering the first floor you will find the space filled with natural light filtering through windows that surround the room. The entry is laid with a slate tile and transitions to a beautiful rustic hickory flooring throughout the space with matching trim. Split into two usable spaces, the floor features a living room and an area that would be well suited for a dining nook or bar area - this space is split by a custom bar top laid in amber onyx that is backlit and prepped with plumbing to become a future wet bar.

The living space features a gorgeous mountain range view to the west and a sliding glass door that exits to the full wraparound patio. The lower level includes two bedrooms: the first includes a large window to the west enjoying the view and both rooms are very well lit with recessed lighting as well as ceiling fans; all of the trim, closet, and doors are of a high quality clear grained wood that offers a beautiful contrast. A well organized mechanical room, laundry, and full bath with tile shower and schist vanity round out the main floor.

Access to the main floor can be made through multiple exterior sliding glass doors on the wraparound deck, or from the interior stairs that lead from the downstairs living room to the kitchen. Walls of windows and glass doors wrap the kitchen and living space upstairs and offer magnificent views over the deck and to the mountains in the distance including an icon of the Illinois Valley, Eight Dollar Mountain.

This space is packed to the brim with finishes certain to please the discerning homeowner - it is nearly too much to mention. The kitchen alone includes endless features - underlit clear grain cabinetry, cosmos schist countertops, large format polished travertine tile floor and travertine backsplash, recessed and decorative pendant lighting, and the list goes on. Transitioning to the dining and living room you are met by custom hardwood floors, theater grade surround sound wired in-wall, recessed dimmable lighting, and nearly 180 degrees of view. Large sliding windows and an eight foot sliding glass door are encased in clear grain fir continuing to tie the whole house together.

Venturing down the hallway you will find two bedrooms and a full bath, each with solid core six-panel doors for quality, privacy, and longevity. This bathroom features beautiful travertine tile floors with a tiled base that leads to a luxurious walk in shower. The cabinetry in the bathroom is abundant and made to match the kitchen and is pristine in quality, topped in the schist stone with a beautiful top mounted sink. Moving on to the secondary bedroom you enjoy wood framed windows looking to the north for soft natural light; a ceiling fan, and large bifold closet make this a comfortable space.

The master bedroom rounds out the top floor and also includes high quality flooring, surround sound, a lighted closet with cedar shelving and in-wall safe, bedside lighting and a feeling of tranquility staring out to the big sky view. This space is the control center for the home, with bedside switches for security lighting and viewing of the surveillance system on the tv, there will be no surprises.

An eight foot floor to ceiling glass door provides access to the wraparound deck and lets in the evening sunset while keeping the morning sun at bay.

As if the depth of detail on the interior wasn't enough, stepping outside on either level offers both a relaxing setting and the perfect opportunity for entertaining. The covered patio and deck are each approximately 2,200 square feet and have lighting and plenty of electrical outlets for any kind of decorations a buyer has in mind. There are even generator hookups on the bottom level for if the power goes out!

The amount of thought and energy put into the home is directly reflected on the land as well. The owner has installed seven foot perimeter fencing around the property providing both security as well as keeping wildlife out of the manicured landscaping. Gates have been installed to be able to enjoy the adjacent BLM that offers access to abundant recreation, hiking, and hunting for the outdoorsman and adventurer. A beautiful pond sits below the home and provides irrigation to the property. The pond is filled by both an extensive french drain around the home as well as water delivered from a certificated spring on neighboring BLM land.

The Illinois Valley is known for a mild climate and jaw dropping natural beauty including the Illinois River, an established and growing wine industry, and lush landscapes including the Kalmiopsis Wilderness. Furthermore, Southern Oregon is home to world renowned attractions such as the Rogue River, Crater Lake National Park, Pacific Ocean, and many more recreational opportunities. With a distinct four seasons, but mild winter, this climate is known as one of the most enjoyable in North America.

Centrally located between the Bay Area and the Pacific Northwest Metropolitan areas of Portland and Seattle, this offering provides a buyer an opportunity to enjoy luxury, privacy, a refreshing rural lifestyle, and a charming small-town culture.

DISCLAIMERS

Information in this brochure is provided solely for information purposes and does not constitute an offer to sell or advertise real estate outside the states in which broker or agent licensed. The information presented has been obtained from sources deemed to be reliable, but is not guaranteed or warranted by the agent, broker, or the sellers of these properties. This offering is subject to errors, omissions, prior sale, price change, correction or withdrawal from the market without notice. All references to age, square footage, income, expenses, acreage, carrying capacity, and land classification, etc. are approximate. Prospective buyers are chargeable with and expected to conduct their own independent investigation of the information and the property and to rely only on those results. Sellers reserve the right to accept or reject any and all offers without liability to any buyer or cooperating broker.

Maps are provided for illustration purposes only, the accuracy is not warranted. Parcels on interactive maps are not adjusted to match aerial backgrounds. This information is for reference purposes only and is not a legal document. Data maps contain errors. The seller and seller's agent are making known to all potential buyers that there may be variations between the location of the existing fence lines and the legal description of the deeded property. Seller and seller's agent make no warranties with regard to the location of the fence lines in relationship to the deeded property lines, nor does the Seller make any warranties or representations with regard to the specific acreage contained within the fenced property lines. Seller is selling the property in an "as is" condition, which includes the location of the fences as they exist. Boundaries shown on the accompanying maps are approximate, based on county parcel data. The maps are not to scale. The accuracy of the maps is not guaranteed. Prospective buyers are encouraged to verify fence lines, deeded property lines and acreages using a licensed surveyor at their own expense.
