### **PROPERTY DESCRIPTION**

This is one of the most unique properties I have had the pleasure of listing. The potential on this small acreage property is simply amazing. It can be kept the way it is and be used for a future home site with good deer hunting opportunities, or it can be totally transformed into a future lake site. The possibilities on this property are outstanding. The property once had two lakes on it. The old levees are for the most part still existing, they were dug out and drained years ago, but it wouldn't be unrealistic to have them built back in place for some waterfowl wetlands and a bigger lake for fishing. There is already a small, stocked pond, and a second pond that was put in for wildlife and was at one time stocked with catfish. It is hard to find a property that offers everything this property does.
